

# LEARN TO SKATE

## Figure Skating & Hockey

Our Learn to Skate Academy is a 6 class program that teaches a step by step progression of skating techniques, for figure skating and hockey, in a FUN group atmosphere.

Beginners start in SnowPlow 1 (3 to 5 yrs old) or Basic 1 (6 yr old & Up) depending on their age. Beginners do NOT need expensive equipment. In most cases you can start by using skates from our rink or by borrowing a pair from a friend. ***Be sure to dress in warm and comfortable clothing.*** As you learn more, you will likely want to invest in your own skates and equipment. Each skater will receive 3 tickets for extra ice time, a \$24.00 value!

In addition to our Learn to Skate Program, students may want to use our Public Skate or enroll into Private Lessons. The more a student is on the ice, the more comfortable they will feel and more likely to advance in levels. It doesn't take long to start having fun on the ice!!!

### TUESDAY CLASS(ES)
