

SWIM LESSONS

GROUP

In this program, participants begin learning fundamental swimming skills, and ultimately, how to swim by themselves. On the first day of class, participants are placed in the most appropriate of six levels. Classes are progressive, and each level has a specific set of skills to achieve before moving on to the next. All classes are taught by trained staff with a student to teacher ratio of 5:1. Choose which session and class time that works best for your schedule. (No class on July 4th; make up lesson will be held Friday, July 6th).
