SPRINGFIELD PARK DISTRICT TO ANNOUNCE THE RESURFACING OF THE NELSON CENTER PARKING LOT

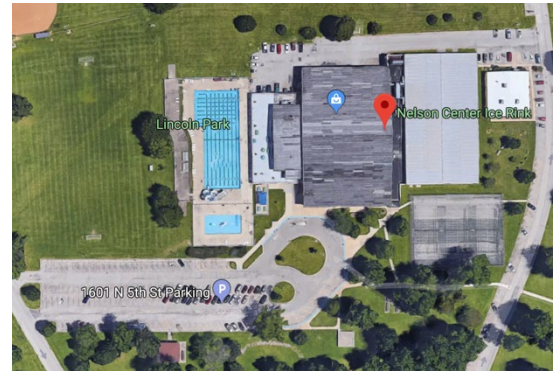

Photo Courtesy of Google Maps

The Springfield Park District's Parks and Planning Department will be repairing and resurfacing the asphalt on the Nelson Center parking lot. This project was designed to increase safety and reduce barriers for patrons visiting the Nelson Center and Lincoln Park. Starting the first week of September 2019, the parking lot resurfacing will begin and is projected to be completed on or before September 13, 2019.

On Tuesday, September 3, 2019 work will begin at the Nelson Center parking lot. Motorists and pedestrians are asked to use caution in the area and watch for trucks entering and exiting the roadway. The Nelson Center parking lot will be tentatively closed from September 3 - 5, 2019, weather permitting. Throughout the remainder of the project, there will be at least one entrance and exit to the Nelson Center parking lot open to the public.

Although this will be a temporary inconvenience for our patrons, this will be a wonderful enhancement for the Nelson Center and Lincoln Park. We will keep you apprised during the construction process.
